Jones to join Women's Soccer roster

Thu, Dec. 12, 2013 - [Women's Soccer]

Rio Grande Sports Information

RIO GRANDE, Ohio - University of Rio Grande women's soccer head coach Callum Morris has announced the signing of current Rio Grande softball player and former Lancaster High School standout Jenna Jones for the 2014 season.

Jones, a 5-foot-8 defender, was an All-Ohio Capital Conference performer for head coach Brian Griffin's Golden Gales, who concluded Jones' senior season in 2012 with a 5-9-2 record.

"I have always played softball and soccer since I was young," Jones said. "Playing both at the collegiate level is a dream come true. I was already here to play softball and I just

missed soccer too much not to try it out."

Morris is glad to see the change in heart.

"Jenna came to us late this season and expressed to us how much she missed soccer," Morris said. "She went through various workouts and training sessions and left us very impressed. She's quick, strong, and loves to tackle and will give us much-needed depth. I'm looking forward to the added competition that she will bring to the table."

Jones, who is majoring in Business, feels that her natural instincts of the game will help her adjust but admits that she is not in "soccer shape."

"I feel as if my best assets are knowledge of the game and the fact that I am a quick learner," Jones said. "I definitely need to get back in shape and there is always room for improvement everywhere else."

When asked about her ultimate goals over the next four years, Jones referenced a team goal.

"I want to help others as much as I can and contribute everything that I can to the team. I want to become a better player and have a winning season."

Jones is the daughter of Angela and Jared Jones of Lancaster.
